Home: Munich (Germany)

ABOUT ME

Passionate HCI Master's student at LMU Munich with a strong background in Unity-based XR/VR development, game design, and frontend technologies. Experienced in both creative and technical roles, from AI prototyping to user-centered design.

EDUCATION AND TRAINING

Masters of Science (5th Semester)

Ludwig-Maximilians-University Munich [04/2024 – Current]

City: Munich | **Country:** Germany | **Website:** <https://www.lmu.de/de/index.html> | **Field(s) of study:** Human-Computer-Interaction

Focus in Game Development, VR Development, Interaction Design

Erasmus Exchange

University of Gothenburg, Chalmers Institute of Technology [09/2024 – 01/2025]

City: Göteborg | **Country:** Sweden | **Field(s) of study:** Game Design, Interaction Design | **Number of credits:** 30

- Erasmus Exchange at the University of Gothenburg (one Semester)
- Attending of following courses: Introduction to Game Research, Prototyping in Interaction Design, Interactive and Linear Storytelling in Digital Media, Gameplay Design, Swedish A2.1
- Participation in Student Organisation "Patriciaballeten"

Bachelor of Science

Ludwig-Maximilians-University Munich [10/2020 – 31/03/2024]

City: Munich | **Country:** Germany | **Field(s) of study:** Media Informatics with Minor Human-Computer-Interaction | **Final grade:** 1,6 | **Thesis:** What We Leave Behind - Designing an Application for Digital Data Curation to Empower a "Good Death"

Link: <https://youtu.be/Tg1Qoa6-x58>

Matura (Abitur)

Gymnasium Sillgasse [09/2012 – 06/2020]

City: Innsbruck | **Country:** Austria | **Final grade:** 1,0 | **Thesis:** Gestaltungsmittel im Film am Beispiel von Zhang Yimou "Hero"

WORK EXPERIENCE

Siemens – Munich, Germany

Working Student for Web, Game and XR Development

[10/2025 – Current]

Working Student in the Technology and Innovation Department of Siemens

- Web-Development with React
- Game Development with Unity and JavaScript

- Hands-on experience with the newest technology and AI development tools
- 20h / week

 **LMU Munich, Institute of Media Informatics** – Munich, Germany

Tutor, LMU Media Informatics Department

[10/2022 – 08/2025]

04/2025 - 08/2025: Tutor for the lecture "Multimedia Programming"

- Leading Tutorials about Multimedia Programming and Unity Game Development (8h / week)
- Contents: Unity, C#, Game Development, Python, PyGame

04/2023 - 08/2023 & 01/04/2024 - 30/08/2024: Tutor for the lecture "Media Technology"

- Leading practicals in the field of audio and photography for the lecture "Media Technology" (9h / week)
- Correcting submissions in the areas of Python programming, Processing, audio, photo and social media

10/2022 - 03/2023: Tutor for the lecture "Digital Media"

- Correcting and creating exercise sheets for the lecture "Digital Media" (9h/week)
- Contents: html, css, javascript, Web design

 **LMU Munich, Institute of Psychology** – Munich, Germany

Student Assistant for App Programming

[04/2024 – 03/2025]

- App Development for a Study App (7h / week)
- Programming in the React Framework and Android Studio
- Webdesign and Web-Development

VOLUNTEERING

[04/2025 – Current] Munich

Deputy Head of the "Queer Referat" of the Student Representation at LMU Munich

The Queer Referat represents the interests of queer students in higher education policy contexts, raises awareness about gender and sexual diversity, carries out anti-discrimination work, offers advice and organises events.

SKILLS

Application Development

Unity (2D, 3D, VR, AR) / Web-Development (React, JavaScript, html, css) / Java, C#

User-Centered Design

UX / UI Design / User Research / Prototyping (Microcontrolling, Physical Prototyping) / Basic Audio, Video and Image Editing Skills (Audacity, Premiere Pro, Gimp)

PROJECTS

[04/2025 – 08/2025]

Latent News Room — Interactive AI Art Installation Interactive installation at the intersection of AI-generated content and political framing, created for "AI in Arts" (LMU Munich & HFF). Worked on physical prototyping, image, video and text generation with various AI tools.

[09/2024 – 11/2024]

VibroDance - Vibrational Feedback cuffs for Dancers with Hearing Impairment Physical prototype of vibrational feedback cuffs for dancers with hearing impairment, developed in a group for "Prototyping in Interaction Design"

during my ERASMUS semester at Chalmers Institute of Technology in Gothenburg, Sweden. Worked on the physical prototyping and microcontrolling of the cuffs, as well as the design of the vibration patterns and the overall concept.
